

LABOUR'S DAY CELEBRATION

"Let's celebrate the labour that build up this great land from field to field, desk to desk. They built it hand in hand."

Drenching their blood in salty sweat and layers of skin replete with perky spirit, these transients never stay away to work their fingers to the bone in every hour of time. Recognizing and acknowledging the invincible weariness of such noble souls, APS Akhnoor celebrated 'Labour Day' with aplomb by conducting magnificent morning assembly where in the special helpers of our school participated exuberantly in varied fun-filled activities making the entire atmosphere joyful for everyone. So let's be more empathetic, more courteous and more respectful towards the stalwart souls of our society. "Pleasure in the job puts perfection in the work."
